colors & white

Charge

- Rechargeable lithium polymer battery pack: 300-500 cycle life (2+ years daily use)
- Over charge/discharge protection
- Over current and short circuit protection
- Lasts up to 6 hours on color cycle setting (charges in 8 hours under full sunlight)
- Charges in both direct sunlight and incandescent light

Technical

- Solar panel dimensions 75mm x 75mm, open circuit voltage (Voc), 6.0V optimum operating current (Imp), 150mA solar panel
- Charging power: 0.6W
- LED current (max): 200mA
- Battery: lithium-ion polymer, 3.7V, 1000mAh
- Storage temperature: -20°C to 52°C
- Operating temperature: -10°C to 50°C
- Maximum short term, non-operating temperature exposure: 60°C
- Maximum inflation pressure: 5.0kPa (0.75psi)

Material

- Phthalate free, waterproof PVC enclosure
