

warm ambient light   mood setting   home décor   party perfect   yoga & spa   waterproof   floats

Sleek, shatterproof and waterproof, Luci Lux is a brilliant blend of high style and high-tech. Her LUXurious frosted finish, light emitting top and 10 warm white LED lights cast an evenly diffused light that makes her equally at home – indoors or out – for everything from elegant dinner parties to backyard soirées. Invite Luci Lux to your next fiesta, float her on your outdoor pool or keep her close when the lights go out. Where ever you are, Luci Lux will light up your life.

- night lights

3 settings: bright, super bright, flashing

150 ft<sup>2</sup> (14 m<sup>2</sup>) lighting area

10 LED lights  
50 lumens

4 oz (113g) weight

charges in 8 hours direct sunlight

lasts up to 12 hours on bright setting

retains 95% charge/month when in storage

IP67 rating (waterproof)

operating temperature: 15°F to 122°F (-10°C to 50°C)

functions as 1 second timer when on flashing mode

Item Name: Luci Lux  
Item Number: 1004-001-001-000  
UPC Code: 855941004019  
1 year warranty

**Design**

- Ten light emitting diodes (LEDs) at 2800K correlated color temperature
- Delivers up to 50 lumens, enough to illuminate a 150 ft<sup>2</sup> room (14 m<sup>2</sup>)
- Three versatile lighting settings: Bright, Super Bright, Flashing
- IP67 rated (waterproof and submersible up to 1 meter)
- Collapsible and expandable: 5" diameter, 1" height collapsed, 4" height
- Solar PV, battery and LEDs all in one unit
- Weight: 4 oz

LUCI LUX IS...  
waterproof & durable  
lightweight & portable  
rechargeable  
& reusable

**Charge**

- Rechargeable lithium polymer battery pack: 300-500 cycle life (2+ years daily use)
- Over charge/discharge protection
- Over current and short circuit protection
- Lasts up to 12 hours on bright setting (charges in 8 hours under full sunlight)
- Charges in both direct sunlight and incandescent light

**Technical**

- Solar panel dimensions 75mm x 75mm, open circuit voltage (Voc), 6.0V optimum operating current (Imp), 150mA solar panel
- Charging power: 0.6W
- LED current (max): 200mA
- Battery: lithium-ion polymer, 3.7V, 1000mAh
- Storage temperature: -20°C to 52°C
- Operating temperature: -10°C to 50°C
- Maximum short term, non-operating temperature exposure: 60°C
- Maximum inflation pressure: 5.0kPa (0.75psi)

**Material**

- Phthalate free, waterproof PVC enclosure
